

## DEPOT MUSEUM AND ART GALLERY CALL FOR ARTISTS

2023 Season

### *IF YOU BUILD IT THEY WILL COME: THE ARCHITECTURE OF BEVERLY SHORES*

The Beverly Shores Depot Museum and Art Gallery will be celebrating the unique and varied architecture of our town in **July of 2023**. We invite all artists to create art that depicts the homes and buildings of Beverly Shores for submission to our gallery exhibit. We bid you explore our town and its myriad styles of homes and buildings, including mid-century modern, Lustron, Prairie Style, Mediterranean Revival, as well as the Century of Progress Homes from the Chicago World's Fair brought here by Frank Bartlett, to name a few. There are homes by more than twenty-eight different architects represented in Beverly Shores.

Bring your easel and stay a while! We are making this announcement one year in advance to give you time to explore, paint, draw, sculpt or build whatever may inspire you. Any style and media are welcome. Each artist may submit up to three pieces. The work, if chosen by the selection committee, needs to be ready to hang or display. A prize will be awarded for the Best of Show. Please visit the Depot Museum and Art Gallery website at <https://bsdepot.org> for further details. You may also reach out to curator Meg Bero at: [gallery@bsdepot.org](mailto:gallery@bsdepot.org)
